**FIRE & POLICE PENSION ASSOCIATION OF COLORADO (FPPA)
CHIEF BENEFITS OFFICER**

POSITION SPECIFICATIONS

CLIENT

The Fire & Police Pension Association was established in 1980 pursuant to Colorado statutes. FPPA administers a statewide multiple employer public employee retirement system providing defined benefit plan coverage (The Statewide Defined Benefit Plan) as well as death and disability coverage (the Statewide Death and Disability Plan) for police officers and firefighters throughout the State of Colorado. FPPA also administers local defined benefit pension funds for police officers and firefighters hired prior to April 8, 1978 whose employers have elected to affiliate with FPPA, and for volunteer fire defined benefit plans. In addition, Colorado police and sheriff departments who participate in Social Security have the option of affiliating for supplemental coverage through the Statewide Defined Benefit Plan and Statewide Death and Disability Plan. In later years, FPPA also offers membership in the Statewide Money Purchase Plan, participation in a 457 Deferred Compensation Plan, membership in the Statewide Hybrid Plan (a combination defined benefit and money purchase plan), and administers two closed defined benefit plans for Colorado Springs firefighter and police employees.

FPPA is governed by a nine-member Board of Directors appointed by the Governor and confirmed by the Senate. The Board is comprised of members representing Colorado municipal employers, full-time paid firefighters, full-time paid police officers, a representative from a special district, the state's financial or business community, and a retired firefighter or police officer (this position rotates between a firefighter and a police officer every six years). In total, 3 directors represent members, 3 directors represent employers, and 3 directors come from the state's financial or business community.

The plans administered by FPPA cover over 26,000 active members. FPPA works with 337 city, special district, and county employers. Net investible assets totaled \$4.685 billion in market value as of December 31, 2016. The funding status of the plans administered by FPPA must be calculated individually, but ranges from 80.3% to 129.6%. Located in Greenwood Village, CO, a suburb of Denver, FPPA employs 55 total staff members.
