At that time, the Member shall receive his "vested percentage" of the Employer Account and Employer Voluntary Account according to Section 5.2. Voluntary Member contributions are not subject to the Employer pickup provisions of Code § 414 (h). Any voluntary contributions from a Member on military leave must be ceased for 6 months following an early withdrawal by a Member who is performing qualified military service (as defined in Chapter 43 of Title 38, United States Code).

IV.2 Account Adjustments: The accounts of Members, Inactive Members and Beneficiaries shall be adjusted in accordance with the following:

(c) Expenses: The Expenses of the Plan shall be paid from penalties received, settlement proceeds, other sources of revenue received, and Forfeitures pursuant to Section 3.6, and then shall be allocated to and deducted from the Member and/or Employer Accounts. Expenses which are incurred as a direct result of the investments held in the Fund

shall be deducted from the interest, dividends and net income of the appropriate investment prior to allocating each month's Earnings to Members. General Expenses shall be deducted from the accounts of all Members according to the Member's time-weighted pro-rata share of the Fund. The Association may also assess a periodic record keeping fee and an administrative fee.

IV.3 Investments:

(a) Investments: The Board may create and is authorized to offer to each Member of the Plan, various investment options, including at least three alternatives, each of which is diversified in itself, that allow a Member a broad range of investments and a meaningful choice between risk and return in the investment of the Member's Aggregate Account.

For Plan Years beginning after December 31, 1994, but before January 1, 2002, the maximum Annual Additions limitation shall be equal to the lesser of

(b) "Annual Additions" do not include "rollovers" or direct transfers from other Eligible Retirement Plans as defined in the Internal Revenue Code.

(c) If Annual Additions exceed the Maximum Permissible Amount, the contributions made by the Member for the Plan Year, shall be handled according to the Mistake of Fact doctrine as adopted by the Internal Revenue Service and implemented by the Plan Administrator, as may be amended from time to time.

For purposes of this Section IV.4, compensation paid by the later of 2½ months after severance from employment or the end of the limitation year that includes such severance from employment shall be included in compensation if it is payment that, absent a severance from employment, would have been paid to the Member while the Member continued in employment with the Employer and is regular compensation for services during the Member's regular working hours, or compensation for services outside the Member's regular work hours (such as overtime or shift differential), commissions, bonuses, or other similar payments, and the compensation would have been paid to the Member prior to a severance from employment if the Member had continued employment with the Employer.

Any payment to a Member paid by the Employer not described above is not considered compensation if paid after severance from employment, even if it is paid within 2½ months following severance from employment except as otherwise provided under Section V.7.

(e) For Plan Years commencing on or after December 31, 1999, the benefit limitations of Code §415(e) are repealed and shall not apply to the Plan.

For purposes of this Section V.7, "qualified military service" means any service in the uniformed services as defined in USERRA by any individual if such individual is entitled to reemployment rights under USERRA with respect to such service.

A Member, whose employment is interrupted by qualified military service or who is on a leave of absence for qualified military service, may elect to make-up Member contributions to the Plan in accordance with Code Section 414(u) if he or she resumes employment with the Employer in accordance with USERRA. Except to the extent provided under Code Section 414(u), this right applies for five (5) years following such resumption of employment (or, if the leave period is 3 months or less, up to one year following such resumption of employment). Such contribution by the Member may only be made during such period and while the Member is employed by the Employer. If the Member elects to make such contributions, then the Employer shall make-up the related Employer contributions which would have been required had such contributions actually been made during the period of qualified military service reduced by Employer Contributions, if any, actually made for the Member during the period of the interruption or leave. The make-up contributions will be made in at the same time and manner as normally provided under the Plan.

Effective January 1, 2007, if a Member incurs a Disability while performing qualified military service, the Member shall be treated as if he or she timely resumed employment in accordance with his or her reemployment rights under USERRA, on the day preceding such Disability and terminated employment on the actual date of Disability. In the case of such treatment, any full or partial compliance with respect to benefit accrual requirements under Code Section 414(u)(8) with respect to such individual shall be treated for purposes of Code Section 414(u)(1) as if such compliance was required under USERRA. Such treatment shall apply to all individuals performing qualified military service with respect to the Employer.

Effective January 1, 2007, to the extent provided under Code Section 401(a)(37), in the case of a Member whose employment is interrupted by qualified military service and who dies while performing qualified military service, the survivor of such Member shall be entitled to any additional benefit (other than benefit accruals) provided under the Plan as if the Member timely resumed employment in accordance with USERRA and then terminated employment on account of death.

Effective January 1, 2009, a Member whose employment is interrupted by qualified military service or who is on a leave of absence for qualified military service and who receives a differential wage payment within the meaning of Code Section 414(u)(12)(D) from the Employer, shall be treated as an employee of the Employer who is a Member eligible to receive Employer contributions during such service and the differential wage payment shall be treated as Base Salary and Compensation under Article IV. The differential pay received by Members during any leave of absence, by itself, is not pensionable. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

A Member must be on a leave to perform qualified military service (as defined in Chapter 43 of Title 38, United States Code) for a minimum of 30 days before a Member is allowed to take an early distribution of voluntary member contributions as provided by the HEART Act.

ARTICLE VI. BENEFITS

VI.1 Eligibility for Distribution: A Member's vested Aggregate Account balance will become eligible for distribution upon the Member's death, Permanent Occupational or Total Disability, Normal Retirement or termination of employment.

VI.2 Types of Distributions: Upon becoming eligible for distribution and upon approval of the FPPA, a Member, or the Beneficiary in the event of the death of the Member before distribution of the Member's Aggregate Account, may elect to receive the balance of the Member's Aggregate Account in one of the following methods: lump sum, periodic payments, an annuity or any combination of payments. A Member may elect to defer payment within the parameters of Section 6.11 herein below.

VI.3 Lump Sum: The Member may choose a lump sum payment of all or a portion of the Member's Aggregate Account.

VI.4 Annuity: The Member may elect to have the value of all or a portion of his Aggregate Account used to purchase an annuity contract, with a term and in a form as the Member shall elect. If the Member has elected distribution in the form of an annuity, any benefit payable as a result of his death shall be determined solely under the terms of the annuity contract.

VI.5 Periodic Payments: The Member may elect to have all or a portion of the Member's Aggregate Account distributed in substantially equal monthly payments over a period

not to exceed the joint life expectancy of the Member and his Designated Beneficiary (or until the account is exhausted). This maximum period shall be determined under the applicable IRS tables at the time the initial monthly installment payment becomes payable and shall be subject to any limits under Code Section 401(a)(9) or corresponding Treasury Regulations.

VI.6 Rollover of Distributions: For distributions made on or after January 1, 1993, and notwithstanding any provision of the Plan to the contrary that would otherwise limit a distributee's election under this Section VI.6, a distributee may elect, at the time and in the manner prescribed by the Board, to have any portion of an eligible rollover distribution paid directly to an Eligible Retirement Plan specified by the distributee in a direct rollover.

An Eligible Rollover Distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an Eligible Rollover Distribution does not include: (i) any distribution that is one of a series of substantially equal period payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent such distribution is required under Code § 401(a)(9); (iii) any hardship distribution as described in Code §401(k)(2)(b)(i)(IV) and made after December 31, 1999; and (iv) the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities).

For the purposes of this Section VI.6, a "distributee" includes an employee or former employee. In addition, the employee's or former employee's surviving spouse or partner in a civil union, and the employee's or former employee's spouse or partner in a civil union, or former spouse or former partner in a civil union, who is the alternate payee under a

qualified domestic relations order, as defined in Code § 414(p), are distributees with regard to the interest of the spouse or partner in a civil union, or former spouse or former partner in a civil union. Effective January 1, 2007, a distributee also includes a non-spouse beneficiary who is a designated beneficiary as defined by Code § 401(a)(9)(E). However, a non-spouse beneficiary may rollover the distribution only to an individual retirement annuity established for the purpose of receiving the distribution and the account or annuity shall be treated as an "inherited" individual retirement account or annuity.

For the purposes of this Section VI.6, a "direct rollover" is a payment by the plan to the eligible retirement plan specified by the distributee.

VI.7 Taxability of Distributions : All distributions will be made in compliance with the Code including any allowed tax-free payments due to on-duty disability status.

VI.8 Timing of Distributions : Distributions will not be made until all contributions and allocations for Earnings and Expenses have been made to the Member's Aggregate Account and in accordance with the IRS notice and withholding requirements. This period shall not exceed 90 days after receipt of all necessary forms, allocations, and FPPA approval.

VI.9 Distributions Upon Death :

(a) Designation of Beneficiary: Each Member from time to time may designate any person or persons (who may be designated contingently or successively and who may be an entity other than a natural person) as the Member's Designated Beneficiary or beneficiaries to whom Plan benefits are paid if the Member dies before receipt of all such benefits. Each beneficiary designation shall be in the form prescribed by the FPPA, or the Plan

Administrator, and will be effective only when filed with the Plan Administrator during the Member's lifetime. Each beneficiary designation filed with the Plan Administrator will cancel all beneficiary designations previously filed with the FPPA or the Plan Administrator.

(b) When No Beneficiary/Unable to Locate Beneficiary : If the Member has not designated a beneficiary or the Plan is unable to locate the beneficiary upon death, the Member's remaining interest will be paid in a lump sum to the Member's estate.

(c) Unclaimed Accounts or Interests: If the account or interest of any Member remains unclaimed after December 31 of the calendar year containing the fifth anniversary of the Member's death, any remaining account balance, distributions, or other interest of the Member shall revert to the Plan for the purpose of payment of benefits and expenses of the Plan.

(d) Investment Options: Upon the death of the Member, the beneficiary may elect to allocate the investment of the Member's Aggregate Account as provided for in Section 4.3. If no notice of reallocation is received, the Member's Aggregate Accounts will remain invested as previously allocated during the Member's lifetime.

VI.10 In-Service Withdrawals: No loans or in-service withdrawals are permitted from the Plan with the exception of amounts from a Member's Rollover Account which have been transferred as an Eligible Rollover Distribution from another Eligible Retirement Plan.

VI.11 Required Minimum Distribution Rules:

(1) **General Rules**.

(a) Effective Date. The provisions of this Section VI.11 will apply for purposes of determining required minimum distributions for calendar years beginning with the 2020 calendar

year. Distributions made prior to the 2020 calendar year are subject to Code Section 401(a)(9) and the Regulations thereunder, as in effect for the year of distribution.

(b) Precedence. The requirements of this Section VI.11 will take precedence over any inconsistent provisions of the plan.

(c) Requirements of Treasury Regulations Incorporated. All distributions required under this Section VI.11 will be determined and made in accordance with a reasonable and good faith interpretation of the Treasury Regulations under Code § 401(a)(9).

(2) **Death of Member Before Distributions Begin**. If the Member dies before distributions begin, the Member's entire interest will be distributed, or begin to be distributed, no later than as follows:

(a) If the Member's surviving spouse by marriage is the Member's sole Designated Beneficiary, then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Member died, or by December 31 of the calendar year in which the Member would have attained age 72 (or age 70 1/2 if the Member was born before July 1, 1949), if later.

(b) If the Member's surviving spouse by marriage is not the Member's sole Designated Beneficiary, then distributions to the Designated Beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Member died.

(c) If there is no Designated Beneficiary as of September 30 of the year following the year of the Member's death, the Member's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Member's death.

(d) If the Member's surviving spouse by marriage is the Member's sole Designated Beneficiary and the surviving spouse dies after the Member but before distributions to the

surviving spouse begin, this Section VI.11(2), other than Section VI.11(2)(a), will apply as if the surviving spouse were the Member.

(e) For purposes of this Section VI.11(2) and Section VI.11(4), unless Section VI.11(2)(d) applies, distributions are considered to begin on the Member's required beginning date. If Section VI.11(2)(d) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under Section VI.11(2)(a). If distributions under an annuity purchased from an insurance company irrevocably commence to the Member before the Member's required beginning date (or to the Member's surviving spouse before the date distributions are required to begin to the surviving spouse under Section VI.11(2)(a)), the date distributions are considered to begin is the date distributions actually commence.

(3) **Required Minimum Distributions During Member's Lifetime.**

(a) Amount of Required Minimum Distribution For Each Distribution Calendar Year.
During the Member's lifetime, the minimum amount that will be distributed for each distribution calendar year is the lesser of:

(1) the quotient obtained by dividing the Member's account balance by the distribution period in the Uniform Lifetime Table set forth in § 1.401(a)(9)-9 of the Treasury Regulations, using the Member's age as of the Member's birthday in the distribution calendar year; or

(2) if the Member's sole Designated Beneficiary for the distribution calendar year is the Member's spouse by marriage, the quotient obtained by dividing the Member's account balance by the number in the Joint and Last Survivor Table set forth in § 1.401(a)(9)-9 of the

Treasury Regulations, using the Member's and spouse's attained ages as of the Member's and spouse's birthdays in the distribution calendar year.

Required minimum distributions will be determined under this Section VI.11(3) beginning with the first distribution calendar year and up to and including the distribution calendar year that includes the Member's date of death.

(4) **Required Minimum Distributions After Member's Death.**

(a) Death On or After Date Distributions Begin.

(1) Member Survived by Designated Beneficiary. If the Member dies on or after the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Member's death is the quotient obtained by dividing the Member's account balance by the longer of the remaining life expectancy of the Member or the remaining life expectancy of the Member's Designated Beneficiary, determined as follows:

(A) The Member's remaining life expectancy is calculated using the age of the Member in the year of death, reduced by one for each subsequent year.

(B) If the Member's surviving spouse by marriage is the Member's sole designated beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Member's death using the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.

(C) If the Member's surviving spouse by marriage is not the Member's sole Designated Beneficiary, the Designated Beneficiary's remaining life expectancy is calculated using the age of the beneficiary in the year following the year of the Member's death, reduced by one for each subsequent year.

(2) No Designated Beneficiary. If the Member dies on or after the date distributions begin and there is no Designated Beneficiary as of September 30 of the year after the year of the Member's death, the minimum amount that will be distributed for each distribution calendar year after the year of the Member's death is the quotient obtained by dividing the Member's account balance by the Member's remaining life expectancy calculated using the age of the Member in the year of death, reduced by one for each subsequent year.

(b) Death Before Date Distributions Begin.

(1) Member Survived by Designated Beneficiary. If the Member dies before the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Member's death is the quotient obtained by dividing the Member's account balance by the remaining life expectancy of the Member's Designated Beneficiary, determined as provided in Section VI.11(4)(a).

(2) No Designated Beneficiary. If the Member dies before the date distributions begin and there is no designated beneficiary as of September 30 of the year following the year of the Member's death, distribution of the Member's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the Member's death.

(3) Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin. If the Member dies before the date distributions begin, the Member's surviving spouse by marriage is the Member's sole designated beneficiary, and the surviving

spouse dies before distributions are required to begin to the surviving spouse under Section VI.11(2)(a), this Section VI.11(4)(b) will apply as if the surviving spouse by marriage were the Member.

(5) **Member Deaths After December 31, 2021.** Notwithstanding any contrary provisions, effective for Member deaths after December 31, 2021, the following distribution provisions shall take effect; provided, however, that such provisions shall be subject to any regulations or other guidance issued under the Setting Every Community Up For Retirement Enhancement Act ("SECURE Act"):

(a) If the Member dies before the distribution of his or her entire account (regardless of whether any distributions had begun before the Member's death) and the Participant has a Designated Beneficiary:

(1) The entire account shall be distributed to the Designated Beneficiary by December 31 of the calendar year containing the tenth anniversary of the Member's death.

(2) Notwithstanding paragraph (1), if the Designated Beneficiary is an Eligible Designated Beneficiary, then the Eligible Designated Beneficiary may elect for the Member's account(s) to be distributed (A) by December 31 of the calendar year containing the tenth (10th) anniversary of the Member's death, or (B) beginning no later than December 31 of the calendar year immediately following the calendar year in which the Member died, over the life of the Eligible Designated Beneficiary or over a period not exceeding the life expectancy of the Eligible Designated Beneficiary. If the Eligible Designated Beneficiary is the surviving spouse, payment under item (B) is not required until the later of December 31 of the calendar year immediately following the calendar year in which the Member died or December 31 of the calendar year in which the Member would have attained age seventy-two (72) (age seventy and one-half (70 ½) with respect to a Participant who would have attained age seventy and one-half (70 ½) before January 1, 2020). If the Eligible Designated Beneficiary does not elect a method of

distribution as provided above, the Member's account(s) shall be distributed in accordance with item (B).

(3) Upon either (A) the death of an Eligible Designated Beneficiary before distribution of the Member's entire account or (B) the attainment of the age of majority for an Eligible Designated Beneficiary who is a minor child under subsection (6)(f), paragraph (2) shall no longer apply, and the remainder of the account shall be distributed under paragraph (1).

(b) If the Member dies before distributions of his or her account begins and the Member has no Designated Beneficiary, the Member's account under the Plan shall be distributed by December 31 of the calendar year containing the fifth (5th) anniversary of the Member's death. If the Member dies after distribution of his or her account begins and the Member has no Designated Beneficiary, any remaining portion of the account shall continue to be distributed at least as rapidly as under the method of distribution in effect at the time of the Member's death.

(c) Any distribution required under the incidental death benefit requirements of Code Section 401(a) shall be treated as distributions required under this subsection (5).

(6) **Definitions**. The following definitions apply to this Section VI.11.

(a) **Designated Beneficiary**. A Beneficiary designated by a Member, or by the Plan, who is a "designated beneficiary" under Code § 401(a)(9) and § 1.401(a)(9)-4, Q&A-1, of the Treasury Regulations.

(b) **Distribution Calendar Year**. A calendar year for which a minimum distribution is required. For distributions beginning before the Member's death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the Member's required beginning date. For distributions beginning after the Member's death, the first distribution calendar year is the calendar year in which distributions are required to begin under Section VI.11(2). The required minimum distribution for the Member's first distribution calendar

year will be made on or before the Member's required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the Member's required beginning date occurs, will be made on or before December 31 of that distribution calendar year.

(c) Life Expectancy. Life expectancy as computed by use of the Single Life Table in § 1.401(a)(9)-9 of the Treasury Regulations.

(d) Member's Account Balance. The balance of the Member's Aggregate Account as of the last valuation date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the Aggregate Account as of dates in the valuation calendar year after the valuation date and decreased by distributions made in the valuation calendar year after the valuation date. The Aggregate Account balance for the valuation calendar year includes any amounts rolled over or transferred to the Plan either in the valuation calendar year or in the distribution calendar year if distributed or transferred in the valuation calendar year.

(e) Required Beginning Date. The latest date for commencement of distributions for a Member, as determined under this Article VI of the Plan.

(f) Eligible Designated Beneficiary. A Designated Beneficiary who, as of the date of the death of the Member, is: (i) the surviving spouse of the Member; (ii) a child of the Member who has not reached the age of majority; (iii) disabled within the meaning of Code Section 72(m)(7); (iv) chronically ill within the meaning of Code Section 7702B(c)(2) (except that the requirements of subparagraph (A)(i) thereof shall only be treated as met if there is a certification that, as of such date, the period of inability described in such subparagraph with respect to the individual is an indefinite one which is reasonably expected to be lengthy in nature); or (v) any other individual who is not more than ten (10) years younger than the Member. Notwithstanding

the preceding, a child described in (ii) above shall cease to be an Eligible Designated Beneficiary as of the date he or she reaches the age of majority.

VI.12 **Deferral of Distribution:** Notwithstanding the foregoing, an Inactive Member may elect to defer receipt of all or part of his Aggregate Account. Such Inactive Member shall receive allocations of Earnings and Expenses pursuant to Section 4.2 until the balance of the Inactive Member's Aggregate Accounts has been distributed. An Inactive Member may make application for distribution of his Aggregate Accounts in accordance with the procedures contained in this article.

VI. 13 **Domestic Relations Orders:** Any disbursements made to alternate payees under Domestic Relations Orders shall be made within 120 days of receipt of the Domestic Relations Order by FPPA. An alternate payee must withdraw his share of all funds from a Member's defined contribution account either as a fixed lump sum or as a percentage of the Member's account as of the date of the decree. A distribution to a former spouse or partner in a civil union pursuant to a Domestic Relations Order is a distribution to the Member for the purposes of C.R.S. §31-31-804 (2).

VI.14 **Claims after Distribution:** Upon distribution of all or any part of a Member's Aggregate Account, the Member or Beneficiary shall have no further claim to benefits from the Plan for that portion of the Member's Aggregate Account distributed.

VI.15 **In-Service Plan-to-Plan Transfers:** Notwithstanding any other Plan provision, distribution of amounts in a Member's Rollover Account may be transferred prior to a separation from service to an Eligible Retirement Plan within the meaning of Code § 402(c) of which the Member is a participant if the plan receiving such amounts provides for their acceptance.

VI.16 Distribution of DeMinimis Accounts: If any Member, beneficiary or alternate payee has an aggregate account balance of \$1,000 or less, the Plan Administrator may distribute the aggregate account balance to the Member, beneficiary or alternate payee without receiving any request for distribution.

ARTICLE VII. ADMINISTRATION OF THE PLAN

VII.1 Powers and Duties of the Board: The Board is responsible for the overall administration and management of the Fund. The Board shall have the following powers and duties:

(a) To establish investment options for the Members and to designate a balanced fund in which to invest all monies not otherwise invested by Members.

(b) To construe and interpret the provisions of the Plan, and decide all questions of eligibility.

(c) To maintain and provide such reports, schedules, descriptions and individual account statements as are required by law.

(d) To obtain from the Employer such information as shall be necessary for the proper administration of the Plan.

(e) To determine the amount, manner and time of payment of benefits hereunder.

(f) To appoint and retain such agents, investment managers, legal counsel and accountants for the proper administration of the Plan as the Board determines to be necessary.

(g) To distribute the assets of the Fund only for payments of the expenses of the Plan, payment of survivor, disability or retirement benefits, or for purposes of investment.

(h) To determine eligibility, status and rights of all persons under the Plan and in general to decide any dispute concerning the Plan.

(i) To adjust the account of any Member in order to correct errors and rectify omissions.

(j) To promulgate such rules and regulations as may be necessary to implement the provisions of this Plan.

(k) To do such other acts reasonably required to administer the Plan in accordance with its provisions or as may be provided for or required by law.

VII.2 Contributions to Fund: All contributions under this Plan shall be paid to the FPPA and deposited in the Fund. All assets of the Fund, including investment income, shall be retained for the exclusive benefit of Members, Inactive Members, and Beneficiaries and shall be used to pay benefits to such persons or to pay administrative expenses of the Plan and Fund to the extent not paid by the Employer and shall not revert to or inure to the benefit of the Employer.

Notwithstanding anything herein to the contrary, upon the Employer's request, a contribution which was made by a Mistake of Fact shall be returned by the FPPA to the Employer, under such terms and conditions are established under the Code and as interpreted by the Plan Administrator.

ARTICLE VIII. AMENDMENT OR TERMINATION OF THE PLAN

VIII.1 Right and Restrictions: The Board may amend the Plan to the extent such amendments are necessary to comply with federal and state law. Any other amendments to the Plan may be made by the Board only upon the approval of at least sixty-five percent of the then active Members in the Plan who vote for the amendment, and more than fifty percent of the Employers having active Members covered by the Plan. Each such Employer will be assigned one vote, except that Employers having both active police and fire Members in the Plan shall be assigned two votes. No amendment may increase the Employer contribution rate above the rate specified in C.R.S. §31-31-402(1). No amendment shall have the effect of (1) diverting for the benefit of any persons, other than Members or their Beneficiaries, amounts attributable to contributions by an Employer, (2) decreasing the nonforfeitable percentage or amount in any Member's Aggregate Account, or (3) changing the vesting schedule set forth in Section 5.2(c) with respect to any Member with five or more Years of Service. On the complete or partial termination of the Plan, or complete discontinuance of contributions by the Employer under the Plan, the accrued benefit of each of the affected Member's Aggregate Account shall be nonforfeitable without regard to the vesting requirements of Section 5.2(c) and shall be distributed pursuant to Section 6.2.

VIII.2 Merger or Consolidation of the Plan: In the event of any merger or consolidation of the Plan with, or transfer of assets or liabilities of the Plan to, any other plan, each Member shall be entitled to receive a benefit immediately after such merger, consolidation or transfer (determined as if such other plan had then terminated) which is equal to or greater than the benefit he would have been entitled to receive immediately before such merger, consolidation or transfer (if the Plan had then terminated).

VIII.3 Plan Amendments: Notwithstanding the provisions of Article VIII.1 above, and pursuant to the authority under C.R.S. §31-31-502(5) as amended, the Board may amend the Plan without further approval of the active members of the Plan, as it deems prudent and necessary to efficiently administer benefits under the Plan.

ARTICLE IX. MISCELLANEOUS

IX.1 Nonguarantee of Employment: Nothing contained in this Plan shall be construed as a contract of employment between the Employer and any Member, or as a right of any Member to be continued in the employment of the Employer, or as a limitation of the right of the Employer to discharge any of its Members, with or without cause.

IX.2 Rights to Trust Assets: No Member or Beneficiary shall have any right to, or interest in, any assets of the Fund upon termination of employment or otherwise, except as provided from time to time under this Plan, and then only to the extent of the benefits payable under the Plan to such Member out of the assets of the Fund. All payments of benefits as provided for in this Plan shall be made solely out of the assets of the Fund and no fiduciary shall be liable therefore in any manner.

IX.3 Nonalienation of Benefits: Except for assignments for child support purposes as provided in C.R.S. §§14-10-118(1) and 14-14-107, as they existed prior to July 1, 1996, for writs of garnishment which are the result of a judgment taken for arrearages for child support or for child support debt, and for payments made in compliance with a properly executed court order approving a written agreement entered into pursuant to C.R.S. §14-10-113(6), benefits payable under this Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy or legal process of any kind, either voluntary or involuntary, prior to actually being received by the

person entitled to the benefit under the terms of the Plan, and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable hereunder, shall be void. The Fund shall not in any manner be liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits hereunder.

IX.4 Payments to Minors or Persons of Unsound Mind: If any person entitled to receive any payment hereunder is a minor, or a person of unsound mind, whether formally adjudicated so or not, such payment shall be made to or for the benefit of such minor or person of unsound mind in any of the following ways, as the Board, in its sole discretion, shall determine: (a) to the legal representative of such person; (b) directly to such person; (c) to some near relative of such person; (d) in such other manner as the Board may deem appropriate under the circumstances. The Board shall not be required to see to the proper application of any such payment made to any person pursuant to the provisions of this Section IX.4.

IX.5 Disposition of Unclaimed Payments: If the Board is unable to make any payment due under the Plan to any person because it cannot ascertain the identity or whereabouts of such person after making such written or telephonic inquiries as the Board, in its sole discretion, deem reasonable, the Board shall suspend all further payments to such person until he makes his identity or whereabouts known to the Board within seven (7) years after such payment was due. The Board shall declare such payment, and all remaining payments due such person, to be forfeited as of the expiration of such seven-year period. However, such forfeited amounts shall be reinstated to the Member once he makes his whereabouts known to the Board.

IX.6 Severability of Provisions: If any provision of this Plan is held to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions, and this Plan shall be construed and enforced as if such provision had not been included.

IX.7 Fund and Plan to be Tax Exempt: The Fund and the Plan are intended to qualify under Code § 401(a) and to be tax exempt under Code § 501(a), respectively, and are each a "Governmental Plan" within the meaning of Code § 414(d) and §§ 3(32) and 4(b)(1) of the Employee Retirement Income Security Act of 1974. The Plan and Fund have been established with the expectation that the Fund will be irrevocable and in the belief that the Plan and Fund will be amended and operated in order to meet the requirements for a qualified plan under the Code and the applicable Treasury Regulations thereunder.

IX.8 Governing Law: The Plan contained herein shall be deemed executed and governed under the laws of the State of Colorado. Should any provision of the laws of the State of Colorado be in conflict with the express powers, duties and responsibilities of the Board as set forth in this instrument, in such event the terms of this instrument shall control. For the convenience of the parties hereto, this Plan may be executed in multiple identical counterparts, each of which is complete in itself and may be introduced in evidence or used for any other purpose without the production of any other counterpart.

IN WITNESS WHEREOF, the Chair has hereunto affixed his signature this 15th day of October, 2020, effective January 1, 2021.
